TURNKEY
PACKAGE SOLUTIONS

LE45 ASSET MANAGEMENT PACKAGE
End-to-end asset lifecycle tracking from purchase to disposal. Capture and track critical referenceable information such as purchase order, vendor, maintenance, and costs

LE45 RECEIVING PACKAGE
Deliver packages and assets with precision. Follow chain-of-custody with accurate status. Reduce manual handling of packages to increase worker efficiency.

LE45 INVENTORY TRACKING PACKAGE
Track inventory levels in multiple locations, control low stock levels, transfer across locations/sites, reduce carrying costs, and streamline warehouse workers' jobs

LE45 TERMINAL EMULATION PACKAGE
Get visibility and control over where your mobile devices are, and what they're doing. Works with Ivanti Velocity to ensure minimal training and downtime. StayLinked and SOTI certified.

Plug & Play for 15% - 20% Efficiency Gains - Instantly!
